UNITED STATES DEPARTMENT OF AGRICULTURE
SOIL CONSERVATION SERVICE
SOIL CONSERVATION—INDEX TO VOLUME XX

AUGUST 1954 TO JULY 1955

	Page		Page
ACKERMANN, WILLIAM C.: On Doing Watershed Research.....	189-190	BAILEY, R. Y.: How to Use Research.....	215-216
Agricultural specialists needed.....	227	BALLANTYNE, CHARLES: The Watershed Approach On The Little Sioux.....	62-66, 68
Airline salute to soil conservation districts.....	[218]	BALLARD, ROY E.—	
Alabama—		How Thirsty Is It?.....	111-113
conservation program for Scouts at Camp Zinn.....	92-93	This is the Valley of Seed.....	233-235
radio station WAVU farm programs.....	177, 192	Bankers sponsor Achievement Award Program.	
research needs report committee.....	157	Arthur Sullivan.....	91
ALLAN, PHILIP F.: Tall Grass Defeats Prairie Dogs. With Ben Osborn.....	103-105, 113	BASHORE, WESLEY D.: Training Center At Cochocton.....	3-6
ALLAWAY, W. H.: Better Tillage for Corn.....	225-227	BAUMONT, ARTHUR B.: Bee Pastures in the Conservation Plan.....	[84]-87, 96
Allen, Durward L., moves to Purdue University.....	162	Beaver dams conserve water.....	[74]
ALLRED, B. W.—		BECK, VIRGIL S.—	
Here Still is a Land Primeval.....	195-201, 216	Midkiff Favors Grass.....	165-166
review of Mortgage Lending Experience in Agriculture.....	191	More Grass—Less Dust.....	27-28, 35
review of Principles of Farm Management.....	192	Out of Drought, A Lesson.....	142-144
review of The Buffalo Hunters.....	120	Stubble Mulching of Wheatland to Control Wind Erosion.....	106-107
American Fisheries Society elects officers.....	240	BENSON, HON. EZRA TAFT: An Effective Watershed Program.....	158-162
AMSTERBURG, R. J., JR.: Two Districts Grow Own Trees.....	164-165	<i>Better Farming Magazine</i> and National Lumber Manufacturers Association sponsor lumber use contest.....	230
Anniversary—		BLAUVELT, HIRAM B. D.: Well Said!.....	[74]
celebrated in Missouri. Howard C. Jackson.....	67-68	BLISS, LLDRED S.: Spreading Water to Conserve It. With Leonard Schiff and Curtis E. Johnson.....	267-272
50th, celebrated by Forest Service.....	147-152	BLOSSER, R. H.: Increased Income Tells the Tale.....	236-237
Arkansas—		BODDY, HERB: They All Worked Together.....	40-43
Pulaski County residents join to promote conservation.....	38-39, 45	BODE, AL: Changing the Face of a Ranch.....	127-129
D. A. Williams addresses Districts Association.....	249-251	Books in running brooks. William A. Breyfogle.....	82-83, 90
research needs report committee.....	157	Boy and lamb, front cover.....	[194]
ATKINSON, WILLIAM H.: Out of the Desert, a Farm.....	279-281	Boy Scouts—	
Award(s)—		accomplish "good turn" illustrating gully-healing.....	60-61
Colorado bankers sponsor program.....	91	blind, qualify for conservation merit badge.....	12-15, 23
community service to Gaylord H. Wisner.....	285	Camporee has conservation exhibits.....	46-47
conservation trophy to George E. Rotter, Nebraska.....	167	Explorer Post mounts soils profiles for high school.....	281-282
conservation writing to Michael Hudoba.....	107	good turn conservation program report.....	264
<i>Denver Post</i> —KLZ honors L. C. Bowen.....	27-28, 35	study soil conservation at Camp Zinn.....	92-93
farm improvement, California.....	[170]	BRACKETT, GORDON L.: District Profile, Adam F. Wysocki of North Dakota.....	278-279
forestry, University of Washington.....	216	BREHM, C. D.: Which Way Blows the Wind?.....	240-248
Golden Business and Professional Women's Club to Mrs. Marguerite Juchem.....	141		
Goodyear continues program.....	204-205, 209		
presented to foresters.....	203		
to family of winners. John H. Gibson.....	81, 90		

BREYFOGLE, WILLIAM A.—	Page
Books in Running Brooks.....	82-83, 90
Old Roads in Vermont.....	237-239
BRINK, WELLINGTON, review of A Workbook in General Agriculture.....	191-192
BRISSE, M. B.: Grass and Water Keep Farm Safe.....	101-103
BROWN, GROVER F.: review of Plant Regulators in Agriculture.....	190-191
BROWN, J. C.: Radioactive Isotopes Help Solve Field Problems. With R. S. Holmes.....	259-262
Brush control. Harlan N. Tulley.....	262
Buffalo Hunters, The. Review by B. W. Allred.....	120
BURN, T.S.: Cotton Thrives Following Fescue.....	231-232
Business—	
equipment company starts deep plowing experiment.....	276-[277]
equipment dealers and district directors promote conservation.....	18
Businessmen help farmers promote conservation, Kansas.....	24
California—	
blind Boy Scouts qualify for conservation merit badge.....	12-15, 23
Blohm farm improved under conservation plan.....	127-129
Dixon drainage system improves area.....	40-43
farm improvement awards program.....	[170]
high school business student spends day in SCS office.....	72
Mexican Field Drain eliminates mosquitoes, saves road.....	283
study of water shortage, Tehachapi.....	111-113
Tehachapi district develops seed-producing enterprise.....	235
Camporee, Lancaster, S. C.....	46-47
Canadian soils deteriorate under cultivation.....	[218]
CASEBEER, ROBERT L.: A Place for Wildlife on the Farm.....	210-214
Cattle—	
guard of concrete blocks.....	48
prosper in spite of drought.....	272-274
raised for beef on grass in South Carolina.....	103
Church and soil. Gordon Thorpe.....	166-167
Climatic Atlas of the United States, The. Review by George W. Musgrave.....	167
Colorado—	
award to woman educator by Women's Club.....	141
bankers sponsor achievement awards program.....	91
Conservation reports effect of dust storms on wildlife.....	22-23
contest to promote conservation education.....	69-71
experiments on brush control.....	262
farmer's drought experience leads to conser- vation practices.....	142-144
farmer Midkiff favors grass.....	165-166
Kiowa County rancher wins conservation award.....	27-28, 35
ptarmigan in Gunnison National Forest.....	[122]
range improvement schools for ranchers.....	284-285
stubble mulching controls wind erosion.....	106-107
underground seepage problem solved.....	130-131, 134

CONNAUGHTON, CHARLES A.: Science Builds Up Timber Volume.....	Page
Conservation—	10-11
Christian Church concern with.....	166-167
camp sponsored by sportsmen for boys and girls.....	126
degree made available at Purdue University... education. See Education, conservation	[50]
"good turn"—	
by Scouts mends gullies.....	60-61
emphasized in Alabama. R. N. Hoit.....	92-93
report by Boy Scouts.....	264
in yet-young land. Floyd W. Hougland.....	33-35
knowledge obtained from experiments.....	56-59
literature presented to library.....	134
new Wildlife Federation leaflets available... of the Soil—A National Problem. (La Con- servacion Del Suelo—Problema Nacional.)	179
Review by Howard E. Middleton.....	286
partnership. W. Martin Muth.....	18
pays hospital farm.....	129
plan—	
improves ranch, Wyoming.....	[228]-230
place of bee pastures in.....	[84]-87, 96
triples cotton crop.....	284
planning guides Martin and Sons. R. C. Flan- agan.....	139-141
practices—	
increase net income on farms.....	236-237
increase seed production.....	233-235
rebuild wornout farm.....	144
survey of net income from.....	[146]-155
used with knowledge of wind direction.....	246-248
ranching increases profit.....	272-274
Soil. See Soil conservation.	
story told. Roy Pring.....	69-71
value, statement in <i>Unasylva</i>	144
Contest(s)—	
"Finer Carolina." Jack Riley.....	[108]-110, 120
speaking, to promote conservation education... to promote use of lumber and wood products..	69-71 230
Contour—	
farming proves worth. Villard W. McLaugh- lin.....	94-95
strips.....	[218]
Cooperation—	
agricultural groups and businessmen to re- place topsoil.....	88-90
ARS and SCS in soil and water conservation problems.....	51-56
develops range improvement school.....	284-285
equipment dealers and district directors to promote conservation.....	18
FHA and SCS under Water Facilities Act.....	163
Forest Service with private owners and govern- mental groups.....	151-152
in solving hydrology problems.....	171-175
in wildlife program, Idaho.....	210-214
many groups make district successful.....	202-203
on flood rehabilitation project, Utah.....	99-101
Parents, teachers, district promote conserva- tion.....	38-39, 45
to complete Mexican Field Drain.....	283

	Page
Corn, improvement in tillage practices.....	225-227
Coshocton (Ohio) training center. Wesley D. Bashore.....	3-6
Cotton—	
thrives following fescue. T. S. Buie.....	231-232
tripled under conservation plan.....	284
yields increased on Harbers farm, Texas.....	95-96
CROSS, JOHN M.: A Voice for Districts.....	177, 192
Cruise to observe streambank problems. Selden Lee Tinsley.....	153
CURRIER, W. R.: Lumbermen Lease Grazing Rights. With J. F. Rogers.....	[2], 11
DAMBACH, CHARLES A.: Managing Wildlife in Ohio.....	219-224
DAMPF, KEITH J.: Yield Triples.....	284
Dams, beaver, conserve water.....	[74]
DAVISON, VERN E.: USDA Leaflet No. 373.....	224
Delaware, John Annett, Sussex County, uses irrigation system for drainage.....	93
Demonstration of replacing topsoil.....	88-90
Directory, National Wildlife Federation.....	[122]
District(s)—	
Barnwell (S. C.) gives library conservation literature.....	134
cooperate in wildlife program, Idaho.....	210-214
develop Conservation Achievement Program, Brown County, S. Dak.....	43-45
Dixon (Calif.) assists in drainage problem.....	40-43
Dutch Creek-Clear Creek (Wyo.) assists young rancher.....	229-230
Eastern Shore, Md., solve drainage problem.....	114-119
Elko (Nev.) grass program, color motion picture.....	17-18
El Paso County (Colo.) promotes contest.....	69-71
grow own trees. R. J. Amsterburg, Jr.....	164-165
Hawaii Association organized.....	[132]-133
in Carolinas cooperate with power company in contest.....	[108]-110, 120
in Missouri help Scouts accomplish "good turn".....	60-61
kept informed by radio station.....	177, 192
Kettle-Stevens (Wash.) benefits from flood control practices.....	7-9
Latah County (Idaho) sponsors topsoil replacement demonstration.....	88-90
New Castle County (Del.) gives SOIL CONSERVATION subscription to FFA Chapters.....	[26]
profile. See Profile, district	
Savannah Valley (S. C.) gives library conservation literature.....	[242]
seed producing enterprise developed by Tehachapi, Calif.....	233-235
spreads story. D. D. Holland.....	24
Tehachapi (Calif.) sponsors water study.....	111-113
tenth anniversary marked in Missouri.....	67-68
Upper West Red River (La.) helps establish T&P tree farm.....	[180]-185, 192
Vermilion (Ill.) credits honorary members.....	59
Wayne County (N. Y.) program succeeds through group action.....	202-203

	Page
Drainage—	
eliminates mosquitoes, saves road.....	283
improvement revives Maryland's Eastern Shore. Hugh F. Eames.....	114-119
in the Big Horn Basin. C. Keith Miller.....	135-139
operation performed with irrigation system.....	93
solves problem of salt-contaminated land.....	127-129
system improves area, Dixon Valley, Calif.....	40-43
tile used to stop underground seepage.....	130-131, 134
Drought experience teaches conservation lesson. Virgil S. Beck.....	142-144
Ducks assist rice growers. J. P. Maxwell.....	71-72
DU MARS, M. L.: Putting Research To Work On The Land.....	51-56
DURAND, DAVID: Mortgage Lending Experience in Agriculture. With Lawrence A. Jones. Review by B. W. Allred.....	191
Dust storms—	
effect on wildlife. R. F. Gregg.....	22-23
severity lessened by stubble mulching.....	106-107
EAMES, HUGH F.—	
Many Groups Make District Run.....	202-203
Maryland's Eastern Shore Revives.....	114-119
EARLE, J. B.: A Whole School Visits A Farm.....	36-37, 45
Economic value of wildlife.....	221
Education, conservation—	
Brown County, S. Dak., schools.....	43-45
Explorer Scouts mount soil profiles for high schools.....	281-282
fund for adults in Montana.....	[122]
high school business student in SCS office.....	72
literature presented to library (S. C.).....	[242]
Nebraska trophy to George E. Rotter.....	167
promoted by parents, teachers and district (Ark.).....	38-39, 45
school for ranchers (Colo.).....	284-285
textbook developed by teachers (S. Dak.).....	35
training center at Coshocton.....	3-6
ways of relating to curriculum.....	36-37, 45
EFFERSON, J. NORMAN: Principles of Farm Management. Review by B. W. Allred.....	192
EISENHOWER, DWIGHT D.—	
Message to National Watershed Congress.....	159
receives report on Scout good turn program.....	264
ELDER, W. R.: "Dead" Soil Comes To Life.....	95-96
Employment, agriculture specialists needed.....	227
Equipment dealers and district directors promote conservation.....	18
Erosion—	
checked by grassed waterways.....	175
control on Okinawa.....	19-21, 24
due to woodchuck holes.....	72
halted through grass plantings (Colo.).....	27-28, 35
in Indonesia.....	287
relation—	
to soil fertility.....	188-189
to wind direction.....	246-248
wind, controlled by stubble mulching. Virgil S. Beck.....	106-107

EVANS, THOMAS B.: A Flood Comes to South Weber. With Fred Rasmussen.....	Page 99-101	Grains used in windbreak strips to protect watermelons.....	Page 275
Explorer Scouts mount soil profile.....	281-282	Grass—	
Extension Service Review features soil and water conservation.....	214	and water keep farm safe. M. B. Brissie..	101-103
Factors in disease resistance.....	224	-based rotations find favor in South Carolina	231-232
Farm(s)—		destroys prairie dogs.....	103-105, 113
conservation boosts production for Robert Blohm.....	127-129	favored to control wind erosion.....	165-166
hospital, benefits from conservation.....	129	forage species for range seeding.....	34-35
improvement awards.....	[170]	land used for watermelons.....	275
out of the desert. William H. Atkinson....	279-281	more—less dust. Virgil S. Beck.....	27-28, 35
pond. See Pond(s)—farm.		production boosted by range pitting.....	282-283
Farmer(s)—		replaces brush on rangeland.....	127-129
benefit by land judging events.....	287	—"The Elko Way" color movie.....	17-18
proves need for conservation. John W. Hart.	[266]	used to stop dust blowing.....	142-144
statement on runoff.....	[74]	used for erosion control, Okinawa.....	19-21, 24
FENTON, EARL: District Profile, Van Aken of Michigan.....	15-17	Grasslands—	
Fertilizer, relation to soil productivity.....	188	interest.....	72
Fescue land used for cotton.....	231-232	seed for the future.....	206-209
Field numbers from old license plates.....	48	Grazing rights lease based on conservation plan. [2], 11	
Fisheries, American Society of, elects officers....	240	GREGG, R. F.: Effect of Dust Storms on Wildlife	22-23
FLANAGAN, R. C.: Modern Planning Guides Martin and Sons.....	139-141	Group(s)—	
Flood—		many make district run.....	202-203
control measures installed, Weber River, Utah.....	99-101	work together to improve wet land. Herb Boddy.....	40-43
prevention on the Little Sioux.....	62-66, 68	Guggenheim Memorial Foundation Fellowship trip report. E. H. Graham.....	253-259
Floods. Review by Victor Mockus.....	263	Gully-Mending Scouts.....	60-61
Florida—		Hackman, Henry H., of Pennsylvania, District Profile. W. Martin Muth.....	176-177
research needs report committee.....	[156]	HART, JOHN W.: Simple Test.....	[266]
Sprinkler Irrigation Association meets at Boca Raton.....	232	Hawaii Association of Soil Conservation Districts organized.....	[132]-133
windbreak strips to protect watermelons....	274-275	HAYWARD, H. E.: Saline and Alkali Soils—Their Diagnosis and Improvement.....	75-80
Ford—		HERBERT, FRED W.: Teaching the Blind About Soil. With Clark H. Gleason.....	12-15, 23
Foundation grant for resource research.....	[50]	High school business student spends day in SCS office.....	72
1955 Almanac, The. Review.....	167	HINDE, R. R.: Soil Erosion Control on Okinawa. With Albert F. Sander.....	19-21, 24
Forest—		Historical note on SOIL CONSERVATION.....	287
management increases timber volume. Charles A. Connaughton.....	10-11	HOLT, R. N.: Seven Weeks of Living with Soil and Trees.....	92-93
Service celebrates 50th anniversary. Richard E. McArdle.....	147-152	HOLLAND, D. D.: District Spreads Story.....	24
Foresters Society presents awards.....	203	HOLMES, R. S.: Radioactive Isotopes Help Solve Field Problems. With J. C. Brown.....	259-262
Formosa land use capability survey.....	155	HOUGLAND, FLOYD W.: Conservation in Yet-Young Land.....	33-35
Fox, Adrian C., honored for conservation articles.....	69-71	HOTT, WILLIAM G.: Floods. With Walter B. Langbein. Review by Victor Mockus.....	263
Friends of the Land, 1955 meeting.....	232	Hudoba, Michael, <i>Sports Afield</i> editor honored..	107
FRY, CHESTER F.: Rain is Slim but Cattle are Fat.....	272-274	Hunter with pheasant, cover photograph.....	[74]
GARRISON, C. S.: Seed for Tomorrow's Grasslands.....	206-209	HUXTABLE, RAY R.: Basic To Every School Course.....	43-45
GIBBS, J. A.: The Salt Creek Tree Plantings....	29-32	Hydrologist looks upstream. H. O. Ogrosky..	171-175
GIBSON, JOHN H.: Family of Winners.....	81, 90	Idaho—	
GLEASON, CLARK H.: Teaching the Blind About Soil. With Fred W. Herbert.....	12-15, 23	snow scene, cover picture.....	[98]
Goodyear nationwide Awards Program continued.....	204-205, 209	topsoil replaced, Snow Brothers farm.....	88-90
GRAHAM, EDWARD H.: A Look at Old Lands and New Problems.....	[252]-259	watershed, St. Joe River.....	168
		wildlife program for farms.....	210-214

	Page
If it rains. George W. Musgrave.....	123-126
IKEDA, WARREN S.: Hail, Hawaii! With Robert E. Swanson.....	[132]-133
Illinois, Vermilion district proud of honorary members.....	59
Income—	
increase—	
from flood control practices, Colville River, Wash.....	7-9
Harbers cotton farm, Texas.....	96
through pasture management.....	272-274
shows advantage of soil conservation system.	
R. H. Blosser.....	236-237
survey of soil conservation practices.....	[146]-155
Indiana, Purdue University offers conservation degree.....	[50]
Indonesia report on erosion control.....	287
Infiltration—	
data shows water spreading feasible.....	111-113
rate study.....	243-245
research results.....	123-126
International Association of Game, Fish and Conservation Commissioners elects officers.....	227
Iowa high school boys participate in field meetings.....	47
Irrigated corn.....	[2]
Irrigation—	
problems in relation to saline and alkali soils.....	75-80
reclaims seep land.....	288
system—	
improved on farm, N. Mex.....	279-281
used for drainage.....	93
Izaak Walton League picks <i>Virginia Wildlife</i> as best state conservation magazine.....	72
JACKSON, HOWARD C.: Ten Years of Service Marked.....	67-68
